

ZEROFAIL – Hosting the Department of National Defence

January 20th 2009

ZEROFAIL has won the Nation-wide RFQ launched by **The Department of National Defence** earlier in 2008. ZEROFAIL will be hosting part of **The Department's** IT infrastructure, including the high-traffic www.forces.ca website.

This is another flagship client for ZEROFAIL who already hosts Air Canada, Sprint, Rogers Canada, Le Château, Subway, Aspex Group and the Mad Science group amongst others.

For more information of ZEROFAIL's hosting services, you may visit www.zerofailhosting.com or contact us directly either by phone or email:
